# DOTS FOR DOLLARS PROJECT

- Each chapter buys dot stickers from a store (e.g. Staples, Walmart). We recommend using red and blue dots, which are BPA colors, but any color will work. Perhaps use your school colors!
- Set a price for your different color dots. Such as, 50¢ for a blue dot and \$1 for a red dot. Sell dots to your school for your chapter service project!
- Once a student buys a dot, have the student write their name on the dot and stick it on a poster board you have mounted in the classroom. We recommend you decorate your poster board for Dots for Dollars Special Olympics.
- Write your chapter name and , chapter number on the back of the poster board, and the total amount of money you've raised.
- Take a picture of your chapter with your dotted, decorated poster board.
- Post the taken picture using the hashtag **#dots4dollars** on Instagram.

\*\*\*\*\*Don't forget that your Instagram account must be public for your post to be viewable to the Officer Team.
- Pictures with the hashtag **#dots4dollars** will be displayed at SLC.
